Albion Fire Department Endowment Fund
Proudly serving our community since 1888.

The Albion Fire Department Endowment Fund

Every year funds at the community foundation receive bequests from the estates of deceased friends. These gifts make a tremendous difference as our community moves into the future.

Albion Fire Department Mission Statement

The mission of the Albion Fire Department is to serve the residents of the town of Albion and adjacent areas by providing emergency fire, rescue, medical, hazardous material, fire prevention services, and any operation needed to support the safety, welfare, and well being of the community. The Albion Fire Department is best demonstrated in their motto "Making a Difference" in the lives of those they serve and protect.

When you revise your will, or create one for the first time, we hope you will include the *Albion Fire Department Endowment Fund* held at the community foundation, or consider establishing your own fund. Your estate gift will help serve future generations.

You can specify an amount or item for your bequest. You can name the community foundation to receive a percentage of the residue of your estate—the amount that is left after the bills and specific bequests have been made. You could name the community foundation as a contingent beneficiary to receive that part of your estate that would have passed to another person had he or she been living.

As you think through your estate giving plans, you may want to talk with our office. We can inform you about all the giving opportunities that exist with the Noble County Community Foundation.

Your gift to this endowment fund will help create a lasting legacy.
